VINEYARD NOTES

The Oakville district is the heart and soul of Napa Valley Cabernet. Where the coolness of the south meets up-valley warmth in perfect equilibrium. Oakville isn't too hot. It isn't too cold. It's just right. That's why Cabernet Sauvignon from Oakville so perfectly expresses the essential qualities of the varietal as deep, complex wines that can last for decades. Charming Creek vineyard is located on Route 29, just north of Oakville Cross Rd. The old Clone 7 Cabernet Sauvignon vines here give perfumed aromatics but also silkiness, deep color, power, and richness. Also typical of Clone 7 is the wines age very gracefully, moving from purple to red while showing good acidity and structure when older.

VINTAGE NOTES

It felt more like a normal year in Sonoma County in 2017. After years of drought, the water table was still in good shape after 2016. Bud break came a bit early despite a cool spring. A very mild summer followed, and ripening was slow and steady. However, we did receive two heat spikes in the vintage which pushed things along nicely. The clusters filled out with berries growing more normal in size. The hang-time was longer than normal and so better for tannin and flavor development without a run-up in sugar. Once picking began, the season was very compressed. The yields were down just a bit but the flavors and concentrations were fantastic.

TASTING NOTES

Deep mahogany color packed with raspberry and ripe black fruit notes expanding into mint and toasty oak aromas. On the palate: Black cherry and plum layers weave seamlessly through the red tobacco and earthy overtones. Full-bodied, well-balanced. Soft mid palate with velvety tannins. Finishes nicely with espresso bean.
